

The senior portrait posing guide is a compilation of 100 images created by Master Photographer and artist JuliAnne Jonker. The guide is printed on thick UV coated card stock to endure the wear and tear of carrying it around on location. The spiral makes it very convenient to flip through during a session. The guide shows you the lighting she is well known for, as well as 100 different ideas in lighting and posing high school seniors to create natural and timeless portraits. Each page includes step by step instructions for posing. You can read this text directly to the subject to guide them into the pose.
